- Four $150.00 scholarships.
- Twent high
- Ten schoo
- Addit stude

For detailed information about these scholarships, write Dr. Frank Laney Chairman of

About the Photog

1. Since its construction in 1957, the Union Building has become the focal point of campus activity. The air-conditioned building houses student offices, lounges and recreation areas, grill, cafeteria, book store, and post office. It is indeed a home away from home for Millsaps students.

2. The intellectual center of the campus is the imposing Millsaps-Wilson Library. Students study in air-conditioned comfort and attractive surroundings. Considered one of the best equipped small college libraries in the nation, it has a capacity of more than 80,000 volumes.

3. Symbolic of the Christian philosophy of education which characterizes Millsaps, the Christian Center has become one of the city's most photographed buildings. In addition to classes, religious services, plays, chapel, and numerous public occasions are held here.

4. Whitworth Hall, dormitory for women, is one of twelve housing units on the campus. College policy limits enrollment, assuring students of comfortable living accommodations as well as superior instruction.

5. Millsaps students apply theories taught in the classrooms to practical problems. The biology students pictured are participating in a student research program under the sponsorship of the National Science Foundation.

6. Students and teachers work together on projects which will benefit the campus community. The practice provides for a closer relationship between student and faculty. Committee work also teaches students to accept responsibility.

7. The Millsaps Singers is considered one of the finest choral groups in the nation. The best music and expert direction—blended with that special Singers spirit—make membership a valued experience.

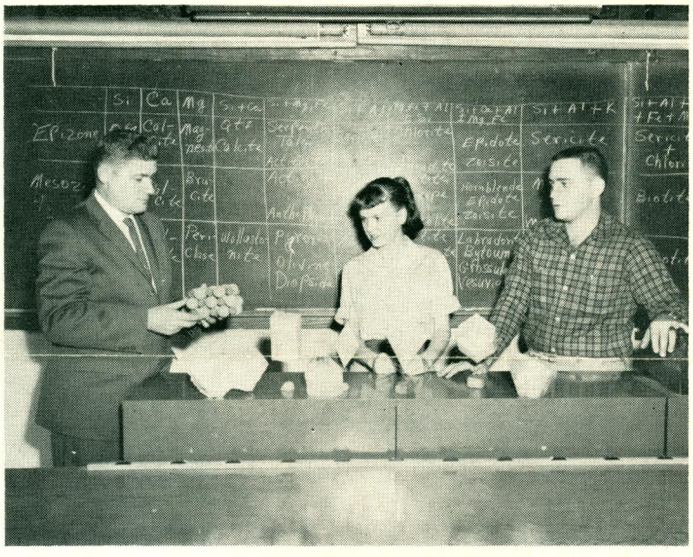
As An Institution of Higher Learning

Millsaps College

. . . Fosters an attitude of continuing intellectual awareness, of tolerance, and of unbiased inquiry . . .



. . . Attempts to search out aptitudes, capacities, and aspirations and to provide opportunities for development . . .

. . . Does not seek to indoctrinate, but to inform and inspire . . .

. . . Seeks to broaden horizons and to lift eyes and hearts toward the higher and nobler attributes of life.

The desired result is an intelligent, voluntary dedication to moral principles and a growing social consciousness that will guide the student into a rich, well-rounded Christian life, with ready acceptance of responsibility to neighbor, state, and church.

(Paraphrased from "The Purpose of Millsaps College")
